Sail Regatta 2020

Plans for **GOOD CLEAN fun**

**GOOD
CLEAN
fun**

The Sail Regatta planning committee takes concerns about a safe, socially-distant regatta very seriously and is working to comply with all guidelines in place for bars, restaurants, and catering venues in the State of Ohio while planning activities ashore. The committee is continually monitoring the situation and will be issuing updates as they are developed over the upcoming weeks. **Sailors should plan on having a mask available and we respectfully request that you wear them when attending events.**

**SOCIAL
PACKAGES
\$35**
Yachtscoring.com

Due to social distancing requirements, quantities are limited and **wristbands are available for advance purchase only.** Your wristband will include beer in the tent all three nights. Thursday night, food will be available for purchase from the PIBYC Galley. Friday night includes Mt. Gay rum and pulled pork. Saturday night features Tito's vodka and a cookout. A single weekend wristband eliminates the need for ticket collection. Food will be served by gloved staff members behind plexiglass barriers in the club. Beverages will be served in single use cups.

**RULES
of the
TENT**

Everyone must be seated when eating or drinking!

No congregating at the beer truck.

The lawn will be configured with 6 feet between tables, both under the tent and under open skies. In case of rain, bring foul weather gear.

The tent will remain open after dinner while social distancing is observed. Failure to remain seated may result in ejection or the need to close the tent. Please cooperate with volunteers if directed to sit down.

Regatta Registration

Thursday beginning at 5:00 sailors may pick up race packets and wristbands in the tent.

Daily and Deepwater Awards

The Committee is working to conduct awards while maintaining social distancing. This will include fixed flags for photos and other items.

Ladies Tea

Reservations for the Saturday Ladies Tea are required and may be made Thursday July 31 during registration.

COVID Cleaning

PIBYC is diligently maintaining COVID cleaning standards. The sail committee will be extending these protocols to the tent area with continuous table cleaning services, **but we need your HELP!**

- Stack used cups and plates.
- Dispose of them in available trash cans.

This will help protect our volunteers and the next person to use that space.
