March 2013
Volume 2, Issue 2

SPRING MEETING

Committees have been working diligently preparing for the Spring Meeting Week-end which will be held on April 5th thru the 7th at the Holiday Inn on Crocker Road in Westlake, Ohio. This week-end offers an opportunity to network and share ideas with other boaters and clubs.

Please plan on joining us beginning on Friday night at the Marine Trade Show, which is new this year, and the Hospitality Rooms hosted by I-LYA, AYC, GCBA, EYC and VBC. Mike Stallard, Put-in-Bay's Premiere DJ will be there and this is the perfect opportunity to socialize and network.

On Saturday, open meetings are held to finalize the 2013 Regatta. Also new this year, we are proud to be hosting 14 Break-Out sessions on Sailing and Powerboat Issues. This new boating symposium begins at 8:30 a.m. and concludes in the afternoon prior to the I-LYA General Meeting. There is no charge for attending these meetings and sessions. Saturday also offers the Ladies Luncheon and the Spring Banquet. Please see i-lya.org for a schedule of events.

A special rate of \$98 per night, which includes taxes and breakfast daily, has been secured for this week-end. In order to receive this rate, reservations must be made by

March 26th and you need to request the I-LYA Spring Week-end rate.

We Hope to See You There!

BOB SHEPPARD, CHAIR SPONSORSHIP COMMITTEE

Your sponsorship committee, made up of boaters from both the power and sailing worlds, is working hard to recruit all levels of sponsorship for the I-LYA, from individuals sponsoring beer kegs and flags, to title sponsors offering thousands of dollars. We are not only trying to ensure that we meet our contractual obligations to our existing sponsors, but we are also beating the bushes looking for other sponsorship opportunities. If you know of someone or an organization that might be interested in sponsoring the I-LYA or any of its events, or if you have ideas of potential sponsors for us to contact, please let me know. You can email me at sailing1@columbus.rr.com.

CHRIS SHEPPARD, REGISTRAR SENIOR SAIL REGATTA

On-line registration is now available for the 2013 Senior Sail Regatta, better known as Bay Week, scheduled for August 2-4 at Put-in-Bay on South Bass Island in Lake Erie. Go to www.i-lya.org and click on "Sail Regatta." There you will find the registration applications and NORs for both the regatta and the Deep-water-Races-to-the-Bay. The Deepwaters are a great way to get to the Bay. You have to sail there anyway, so you might as well race, right? They leave from Cleveland on July 31 and from Sandusky, Port Clinton, Toledo and Grosse Isle on August 1.

The social packages have been very popular and are available again this year. When purchased prior to the regatta, tickets are \$35 per person and include dinner, beverages (both adult and kid-friendly) and live music Thursday, Friday and Saturday evenings at the Put-in-Bay Yacht Club, the host club for the regatta. Even if you're not racing but just coming over for the fun of Bay Week, you can still purchase a social package.

So make your plans now to spend the first weekend in August at Put-in-Bay for Senior Sail! If you have any questions, please contact registrar Chris Sheppard at sailing1@columbus.rr.com. See you at the Bay!!

MATT & TRACEY DAVIS

JUNIOR BAY UPDATE

We are so excited that summer is on its way and we are gearing up for Fun in 2013—the 58th Annual

I-LYA's Junior Bay Regatta at Put-in-Bay to be held July 21 -26, 2013. We are pleased to again invite your club's junior team to participate in this exciting event. Junior Bay is a unique regatta—the largest of the events in the Area. Each year, approximately 165 sailors gather at Put-in-Bay for fun, camaraderie, education, and, of course, racing. We hope that you and your club's junior team will join us.

All team registration information is posted on the I-LYA Juniors website at www.i-lya.org and click on Junior Sailing. Please check the site frequently as more information will be posted throughout the spring and summer. After it is posted, please review and share this information with your team, coaches, parents, and other support personnel. Plan ahead for registration by gathering a Xerox copy of a birth certificate and proof of US Sailing membership from each of your interested racers. Keep in mind that a flag officer signature on the registration form or a letter on Club letterhead is needed as proof of I-LYA membership. Team registrations with payment will be due July 1, 2013.

The Notice of Race (NOR) is posted on the I-LYA Juniors website for you to read. There are several changes so please read all material carefully. Highlights of the changes are:

- * Proof that the Sailor is a part of an I-LYA club, a club Flag officer may write a letter on Club letterhead and list all the sailors

that will be representing their club this year at I-LYA 58th Annual Jr. Bay Regatta.

- * Nightly Debrief presenters will include: I-LYA Coaches, Course PRO, Club Coaches and I-LYA Judge

- * Sand Volleyball on Tuesday Night

- * Every night the check-in Parent of the Day (POD) must talk to each individual sailor, before signing them in.

- * Parents & Club Coaches may not talk to their sailors until the PINK flag is lowered at the end of the day.

- * Each club is permitted to send 9 sailors. All sailors over 9 will need to fill out the Additional Competitor Petition. They will be accepted on a first-received basis; priority will be given to Thistle teams.

If you have any questions, or need further information, please do not hesitate to contact us directly by phone or text (614-446-0131 Tracey or 614-260-8287 Matt) or by email: mtmdavis@gmail.com. We look forward to seeing everyone at the I-LYA Spring Meetings in Westlake on Friday and Saturday, April 5th and 6th.

BOB LANG

POWER REGATTA

The Power boat Regatta for 2013 is beginning to take shape. The events and contests will be reviewed and discussed at the I-LYA Spring Meeting in Westlake, Ohio, April 5th & 6th. For those of you who are Out-of-the Loop, The Regatta is back on the Wednesday through Sunday schedule, all we need is YOU August 7 - 11.

To those clubs and members we haven't seen in a while, I'd like to give you a personnel invitation to come on down to the Spring Meeting in Westlake, Ohio. At the meeting you'll get a chance to see how the Regatta is organized. Better yet, you'll have the opportunity to meet old friends and make new ones. The Regatta offers fun for the whole family, Mom and Dad, the teens and kids alike. There's something for everyone. Take a minute and visit the I-LYA web site and look at the photo gallery for last years Regatta. This years schedule includes some of the old favorite events and contests along with some new ones as well. Like I said, there is something for everyone. As this year's chairman, I promise that you will have a good time.

Mark your calendars and set a course for Put-In-Bay Ohio for the 7th of August.

CLAY MOCK

INTER-LAKE YACHTSMEN'S FUND

JOIN THE "HONOR ROLL" OF YACHTING'S "\$1 PER MEMBER CLUB".

I-LYA's Yachtsmen's Fund is the charity for all I-LYA member clubs and their members! The "Honor Roll" may be found in The Fund's pages in the I-LYA Directory each year. Is your club among them? If not, have your club consider joining right now. Individuals can join as well.

This Fund contributes substantially each year to introduce and educate new junior power and sailing youth to the sport, competition and fun of yachting. Shouldn't that be of interest to every club and its members, to make our youth comfortable on and in the water? Many of our clubs are finding their memberships are dwindling. It's important that each club and member do something to educate our children and their friends so they continue to enjoy the water safely and maybe competitively for many years to come. Call it "Give Back" if you like.

I-LYA's three summer regattas are educational and teaching opportunities for all I-LYA youth. The Fund uses its deductible contributions to substantially reduce the costs of sending our youth to these regattas so as to not be such a burden to some of our families. To encourage youth participation, we also grant scholarships to the top three or four power and sail skippers and crew who compete in these events. The presentations at these events are the high for winners. Think about it – if a child grows up having become comfortable in water events, there is more likelihood

that s/he will continue boating after leaving home. Sailing youth may select a power boat, or a youth trained in power may decide to sail, but boating education will be of benefit to all of our youth and will produce future members for our clubs.

I-LYA has had up to 200 youth compete at Put-in-Bay's Junior Sail and Powerboat Weeks. The winners in three classes of sailboats go on to the semi-finals, and those winners go on to the U.S. Championships. The Fund helps these winners with their registration fees and some travel expense for these higher events. It also provides coaches at our level. Think of your contributions working this way – if up to 200 power and sail youth compete at our I-LYA level, how many more are back at our clubs learning about water safety, boating, etc?

So you can see how expanding our help is important to our I-LYA boating youth. If you or your Club are not members of The Fund yet, please contact our treasurer, David Zmek, for a pamphlet with more information about the Dollar-per-Member donations for clubs or annual or lifetime memberships for individuals. You can reach him by email at akpote96@aol.com or at 18705 Mt Pleasant Drive, Chagrin Falls, OH

JANE O'BRIEN

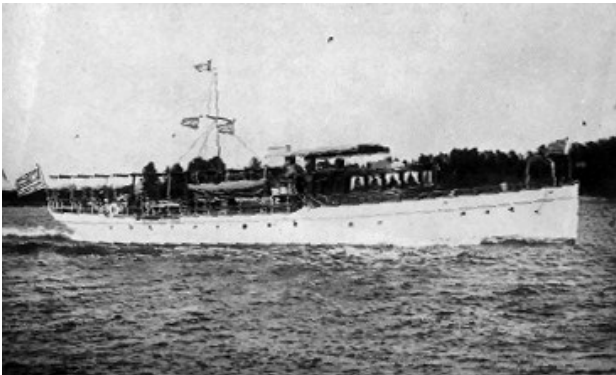

MIDWEST REGIONAL SAILING PROGRAM SYMPOSIUM

Twenty eight program directors, race team coordinators, parents, and sailors representing 15 different I-LYA clubs and community programs gathered at Sandusky Sailing Club on Saturday, February 23rd for the Midwest Regional Sailing Programs Symposium sponsored by I-LYA and the Yachtsmen's Fund. The round table discussion was moderated by Stu Gilfillen, the Sailing Programs Administrator for US Sailing.

When Stu travelled here from Rhode Island he brought more than a box of printed hand outs; his wealth of knowledge helped guide the discussion to the mutual benefit of everyone there. We learned that our sailing programs run the gamut from a one week all-volunteer camp at Berlin to an adult/youth program at Hoover with 2012 enrollment just shy of 400 and everything in between. I-LYA has both club and community based programs. We have both volunteer and paid directors. We have long-established programs, some just starting up, and some re-starting. As much an ambassador as a moderator, Stu was able to keep the conversation pertinent for all while emphasizing how US Sailing could help. The sharing of resources started at the RSPS will continue as the I-LYA Junior Sailing Committee focuses on facilitating training opportunities, the creation and sharing of safety plans, and employment outreach. The demonstrated spirit of cooperation and willingness to share successes, frustrations, and resources signals an exciting future for our I-LYA Junior Programs. Special thanks to the Yachtsmen's Fund and I-LYA for their financial support and event hosts Sandusky Sailing Club and Sandusky Junior Race Team.

PETER HUSTON

ONWARD: Scott Matthews "arrives" at the 1906 ILYA Race Week

Scott Matthews' personal yacht "Onward" went on a 9000-mile journey around the eastern half of America. This was a voyage of romance and daring. Just 70 feet long powered by a Lozier engine with about 40 horsepower, "Onward" navigated the rivers, canals, coastal waterways and open-ocean on its epic journey of adventure that would lead Scott (S.J.) Matthews back to Put-in-Bay for the 1906 ILYA Bay Week!

An Epic Journey

People of vision always seem to find a way to succeed. In the 1890's Bascom, Ohio was certainly not the epicenter of the marine industry; in fact it was hardly even on the map. An innovator among his peers, young Scott Matthews had a vision of what was required to create a swift and resilient boat that was pleasant to look at. He developed a basic hull style that was strong, moved through the water cleanly and was attractive to the eye. His passion for boat building had grown his small fledgling company in just a few short years from basement dreams to full production. By 1900 his boat designs were gaining national attention from yachtsmen countrywide. In late 1904, burnt out from the stress of growing a

successful company, Matthews envisioned a yearlong "relaxing and restful" boat trip from the farm fields of Ohio, down the Mississippi around Florida up the East Coast and back again to the Great Lakes. A novel trip for the times perhaps, and

one that was certain to be fraught with drama and triumphs along the way. This was hardly a vacation for the timid. On November 11th the sleek 70 foot yacht "Onward" was ready to disembark on the first leg of its epic journey. The boat was sent by rail from Bascom on a specially designed cradle with the Baltimore & Ohio Railroad to Peoria Illinois. Matthews, his wife, three children, brother-in-law, nanny and a small crew boarded the beautiful custom built "Onward" to began a life changing journey south starting on the Illinois River. This voyage not only provided a transcendent vision for the entire Matthews family and crew, but also for a future generation of boaters that followed the voyage in the periodical "The Motor Boat". The "Onward" arrived on the first day of the "ILYA Meet" after this amazing voyage. Writer Ferris Dyar of The Toledo Blade reported; "One of the pleasing features of the first day of the meet was the arrival of the launch "Onward", Captain S.J. Matthews. The Onward is one of the best appearing powerboats that has ever entered the Inter-Lake

squadron, and flies the flag of the Lakewood and Toledo Yacht clubs."

Between the Waves- This wonderful story is told in greater depth in a new display at the Sandusky Maritime Museum through the revelations included in the log of the "Onward" journal printed in "The Motor Boat" written by Scott Matthews and augmented by the personal recollections of Bob Reynolds, Matthews' grandson and longtime employee of the Matthews Boat Company. The story is supported with photos taken by Matthews' brother-in-law Simon Miller, and a short documentary produced by filmmaker Peter Huston to help tell the story. The weave of the captain's log with the Matthews Boat Company history allows us to expand on the shake down cruise of the "Onward" as they became the foundation of boats to come for Matthews Boat Company. Matthews' log explains how they continued to learn about the important requirements that his boat needed to be a steady, efficient and dependable cruiser. The creature comforts, the space allocations and the general dynamics of the boat are part of the descriptions and flavor of the journey's tribulations. This new display, curated by Bob Reynolds, brings this wonderful piece of Ohio history to life highlighting Matthew's amazing innovations juxtaposed with his yearlong adventure. It was no accident that Scott and the Matthews Boat Company "arrived" at 1906 ILYA Race Week.

BOB LANG

JUNIOR POWER

Captain Bob here; our annual I-LYA Spring meeting is coming up April 5&6. The Junior Powerboat Program is well on its way to finalizing its program of events for the 2013 Regatta. Some of you may recall that FYC swept the Junior Powerboat competition last year. Our top three finishers were all from Ford Yacht Club.

The Junior Powerboat program is an educational program for juniors interested in powerboats. Juniors 12 through 18 are eligible to participate. The program starts at the club level providing class studies, On-The-Water training and competitive events. Upon completion of the class studies Juniors receive a state approved "Safe Boating Certificate". All juniors are invited to participate at the annual I-LYA Regatta to compete and match their powerboat skills with other juniors. Competitions at the Regatta include both academic and hands on. All Juniors interested in participating at this years Regatta are WELCOME to compete and take part in the activities.

Clubs interested in putting on a "Safe Boating" class for Juniors at their facility, please contact Captain Bob Lang for more information bob@encoeng.com or call 313-938-8414 (cell). We've had some preliminary discussions with FYC regarding a Junior Class for 2013. Other Clubs or members with Juniors should contact me, we'll get you into the FYC program.

Please help expand this program, talk to your club members and lets get our JUNIORS involved. It's a

great program, lots of fun, with the opportunity to meet new friends and learn about boat handling and safety. Our Juniors are the future—GET INVOLVED.

Captain Bob and the Junior Powerboat committee are looking forward to a great turnout in 2013.

NCYC RACE FOR HOPE

In celebration of the 100th Birthday of the American Cancer Society, I invite you to contribute to bettering the lives of those with cancer and to help us finish the fight.

This will be the eighth time the American Cancer Society will team up with North Cape Yacht Club to host an extraordinary event to raise money to fight cancer. The Race For Hope will be on Saturday, June 22nd commencing at 1 pm with the race, followed by an awesome dinner and celebration Saturday night. This event has become a tradition in bringing together boaters, business leaders, devoted medical professionals, dedicated volunteers, and influential members of the sailing community who are committed to conquering this disease. This is one of the few events where 100% of all proceeds go to the cause because of generous donors underwriting the cost of the event.

Please join our team. Your contribution will provide:

- ♦ Funding to deserving cancer researchers
- ♦ One-on-one Reach to Recovery visits for breast cancer patients

- ♦ Educational programs on cancer prevention and the early detection of cancer
- ♦ Wigs and make-up consultations for those undergoing treatment through Look Good... Feel Better
- ♦ Comprehensive cancer information 24 hours a day by calling 1.800.ACS.2345 or by visiting www.cancer.org.
- ♦ And so much more!

All of our lives, in one way or another, have been touched by cancer. Approximately 1.4 million people are diagnosed with cancer every year. Fortunately, because of advances in treatment, prevention, and early detection, cancer incidence and death rates are falling. Because of people like you, we can open our newspapers everyday and realize that hope is here, progress is an everyday occurrence, and answers are just around the corner.

All are welcomed for the dinner, both members and nonmembers. Race entry is \$50 and the race is open to racers and non-racers. In-kind donations are welcomed.
