By way of introduction I am John D. Stewart, current commodore of I-LYA and inviting you to the Annual Spring Meeting to be held at the dates and place referenced above. There's much to enjoy during the weekend as well as learn the latest information on what's happening within I-LYA. Plans for the upcoming Summer Regattas at Put-In-Bay are finalized at the numerous meetings held during the weekend. Commodores and Delegates I'm looking forward seeing you once again and to my many friends and supporters thank you for the opportunity to serve as your commodore. Let's all enjoy some camaraderie during this week after Easter.

Lady Nancy has a luncheon planned for Saturday, April 10, at 11:45AM where the gals can get together for their own gathering. I've always enjoyed watching the ladies return from this soirée a little more relaxed. Would we want it any other way?

Both the Junior Sail and Powerboat programs continue to roll smoothly along. Matt and Sue Dubois along with Todd and Patti Duffett from GIYC have ascended to chair this event and surely it is in the most capable of hands. John Bedford of SSCC chairs the Powerboat committee and began his term by producing a promotional video shared by many at the CLE and DTW Boat Shows. Very nicely done John.

Both excited and encouraged by the work being done by our Senior Sail committee, led by Bob Sheppard – ACSA, I'm looking forward to the sail days at the Bay. You spoke... We listened... This was the impetus that propelled us to make the changes necessary to allow the Sail Regatta to grow. From the introduction of the added social functions to the change back to the Anchorage for the Deepwater finishes many things are new. Please join us at the Senior Sail meeting to learn more.

The Junior Powerboat program is chaired by Bob Lang – WRYCC, a Power Squadron instructor for many years. Commodores and Delegates we need your involvement at a local level to garner the interest and support of our youth. They are the future of our clubs. Bob invites you to join him at the Junior Powerboat

meeting on Saturday morning to help discuss generating additional interest in this program on a club level.

Thank you for your support... I look forward to seeing you once again. Time grows shorter don't delay your decision to join us.
