RULES COVERING CLASS "Y" (CRUISING YAWLS)

All yachts in this class will be governed by the Y. R. U. rules, and will obtain their measurement rating under the Y. R. U. rules (as adopted at Spring Meeting ILYA 1923); with following exceptions:

Use of pot lead or similar compounds prohibited.

Actual sail area shall be measured (not the forward triangle).

Measurement shall be determined with full cruising equipment aboard, and all such equipment shall be carried aboard throughout all races (not including dinghy).

Two per cent. will be added to actual sailing time of yachts without engine as allowance to yachts with engine.

Yachts equipped with engine shall have engine sealed.

There will be no restrictions on the number of passengers carried in this class in the races.

CLASS STAR: Rules of the Star Class Yacht Racing Association to govern.

TIME ALLOWANCE

Time allowance will be computed on yachts in Classes A and Y, under the formula and table of the Yacht Racing Union.

WATCH BULLETIN BOARD

There will be a Bulletin Board at Headquarters where changes in program and special instruction will be posted throughout the week.

All yachts whose preparatory gun has not been fired must keep clear of starting line. Any yacht violating this rule will be disqualified.
