CELEBRATING 250 YEARS OF INDEPENDENCE

MIDDLE BASS ISLAND YACHT CLUB

The members of "Middle Bass Island Yacht Club" invite our I-LYA affiliated friends to visit us in 2026 and enjoy our dock and clubhouse facilities.

Congratulations to Commodore Dean Reamsnyder

Best wishes for a successful 141st Anniversary year in 2026!

- Charlene Galovich—Commodore
- Greg Green—Vice Commodore
- Tim Smith—Rear Commodore
- Michelle Fiegelist—Secretary
- Norm Kuesel—Treasurer

Please join us on our clubhouse deck for the best view on the island!

- Guest docks w/electric & water
- Clubhouse & deck with kitchen facilities
- Clean restrooms & showers
- Grilling pavilion with gas grills & griddles
- Free usage of our club bikes & kayaks
- Numerous fun summer events!
- Food & drink establishments close by
- Complimentary transportation to your island destination

I-LYA 2026

About the Cover:

The Commodore's theme, America 250, is simple, strong, and recognizes the immensity of this year-long celebration. There is no more iconic image portraying 1776 than Washington crossing the Delaware River on Christmas night (lower image). The subsequent Battle of Trenton perhaps saved the Continental Army and the revolutionary cause. It is highly reminiscent of another crossing that altered history, Perry transferring his flag amidst the horrors of battle on Lake Erie in 1813 (top image). This action finalized American control of Lake Erie in the War of 1812. Both stories are linked by water, that which binds the mission of I-LYA, and both speak to resilience, perseverance, and courage. America 250 celebrates the entire history of the United States, one that I-LYA has shared for 141 years.

Table of Contents

Administration

- 8 2026 Flag Officers
- 8-9 2026 Committees

Flag Officers

- 3 From the Commodore
- 5 Meet the Commodore
- 7 Commodore's Home Port

BoatBasin@HuronOhio.us

From the Commodore

Being Commodore of the I-LYA reminds me of the song “Footsteps in the Sand.” If it weren’t for the previous 140 years of Commodores and the successful Regattas that came before me, my footsteps may well have been in the weeds. You learn as you go and I can truly say I’ve learned a lot progressing through the chairs of I-LYA.

In this organization, ruling by committee works. Take, for example, the Junior Sail program. It has produced many highly trained and fiercely competitive young sailors. This year’s chairs are Jessica Barner (EYC), along with Matt Kern and Bill Pribe (NCYC). They bring a wealth of experience and are truly dedicated leaders. The same is true for Power. We have Nate Edmunds (BVYC) as Chairman, along with Joy Moon and Josh Kneisel. Kevin Stone is our Head Fleet Captain, whose slogan I have learned to love: “Don’t worry, Commodore, we’ve got this.”

Since 2009, the Junior Power Chair has been Commodore Bob Lang (2021)—a streak not likely to be broken. Captain Bob has developed a training program that the cadets enjoy while learning valuable skills in boat handling.

I’m one of those who often refers to Sail Week as Senior Sail. The fact is, it is comprised of a lot of seniors, and I’m older than most of them. Bob Sheppard’s team—Doug Seib and Connie Miller—has drawn many competitors. If you were to add up all of their years of experience, it would date back to 1776. Happy 250th, America! Sail Fleet Captains Chris and Diane Wright, we salute you. Go Navy!

My home club of Harbor View has been a huge support to Lady Karla and me, both back home and at the Bay. I cannot thank them enough.

I have to acknowledge Commodore Kristen Wygant of Put-in-Bay Yacht Club for hosting I-LYA in 2026. It would not be the premier event it has become since 1885 without the use and support of your club.

A key mission of I-LYA is to protect and promote the sport of boating. We do this through affiliations with the U.S. Sailing Association, Ohio Marine Trades, the National Boating Federation, and the Yacht Racing Union of the Great Lakes. They help keep us flowing in the right direction. I also lean on other support groups amid the crosscurrents of involvement with Blue Gavel, which then drips into the Greater Cleveland Boating Association and spills over to Associated Yacht Clubs, gathering the Big Wave that lifts our spirits and keeps us moving full speed ahead.

Catch the Wave

America's 250th

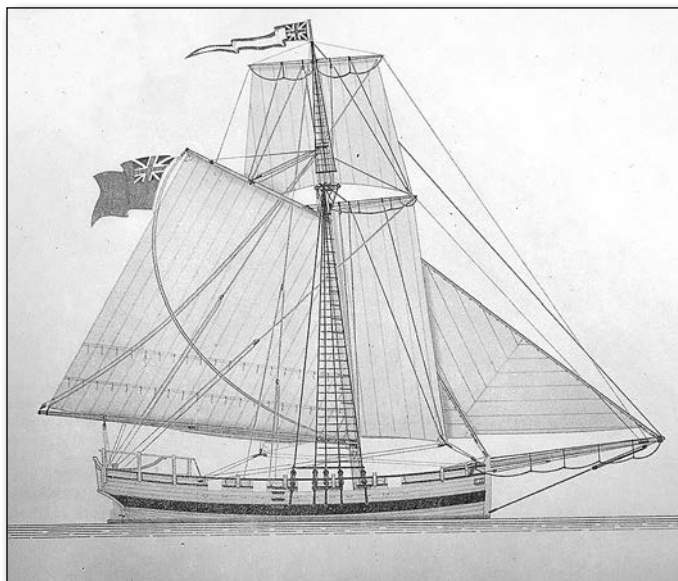

AMERICA 250
★ ★ ★ 1776-2026 ★ ★ ★
CELEBRATING 250 YEARS OF INDEPENDENCE

The 2026 Commodore and His Theme: America's 250th

2026 is a stellar anniversary for the United States, celebrating 250 years of nationhood. In the year 1776, with the signing of the Declaration of Independence, the United States was born out of principle, born of spirit, and born in the midst of war. "In time of war, the importance of Navy becomes accentuated and to this fact the Revolution afforded no exception." So stated Milo Quaife in the early 1950s when he emphasized that our region is a thousand miles in extent, from Niagara to Chicago by way of Mackinac, and water was the only means of moving military supplies and any message or information of any kind. For us, as sailors of the Great Lakes, it begs the question of what maritime activities transpired here in 1776 and what vessels plied our equally serene and turbulent waters.

In 1771, two new vessels were sawn and pounded together—the first ships ever built at Detroit. The King's Royal Navy Shipyards occupied the Detroit waterfront just west of what is today Woodward Ave. These facilities stood there for forty years. These two ships were the *Hope* and the *Angelica*, both schooners (two-masted sailing vessels), 47 ft. and 52 ft. respectively, and each carrying four small swivel guns. Thereafter, Detroit was the chief seat of British power in the "west" and the origin from which official Great Lakes operations were conducted. More ships followed; the *Gage* and *Dunmore* were launched in 1772 as tensions rose in the east and Britain felt threatened by rebellion. These two larger schooners, named after General Thomas Gage, British commander-in-chief for North America, and John Murray, the 4th Earl of Dunmore, serving as Royal Governor of Virginia. The *Felicity*, a small sloop (one mast), followed in 1773. And finally, the *Faith* (another schooner) and *Archangel* (a sloop), each heavily armed, set sail in 1774 as Detroit shipbuilders thundered through remarkable progress. All these vessels likely between 40 and 70 tons. The *Welcome* (pictured left) came in the first year of the war, built for Lake Huron.

1775—British Built *Welcome* for work at Mackinac. 55 ft. sloop

Image from Kuttruff, *Ships of the Great Lakes, A Pictorial History*. Wayne State

For 1776, therefore, there were but seven vessels only on Lake Erie—a lonely horizon for early mariners but for the countless native canoes darting about the great distances. There were zero vessels for the continental cause. The Indigenous peoples felt the pinch of coming conflict with two frontier neighbors. The American Continental Congress would send repeated armies toward Detroit through Pennsylvania, Ohio, Illinois, and Indiana—at the hope of striking the King's heart of influence and unseat the Great Lakes, all crushing and overrunning the native population in between and creating enemies not soon forgotten. But for the stronghold at Detroit, Royal authority would have crumbled much earlier than the end of the Revolution. The shape of North America and its future wars may have unfolded much differently.

Meet the Commodore

Born in 1951 in East Toledo near the shipyards, Commodore Reamsnyder later moved west with his family to acreage in Adams Township, where his parents, Glenn and Lois, built a house and horse barn. The family raised Dalmatian dogs and Appaloosa horses. While Dean's brothers—Reed, Glenn, and David—helped train horses, Dean preferred building go-carts and souping up mopeds. Behind the pasture, across the railroad tracks, was a dugout lake where Ray Greene, a pioneer in fiberglass boatbuilding, built some of the first such boats in the country. An I-LYA trophy honors him. It was there, too, that the three brothers learned to swim by their father's "toss 'em" method. It was sink or swim.

The family moved again in 1968 to a farm close to Anchor Point Marina. Dean finished high school by commuting daily to Rogers High School in his 1956 Chevy. With easy lake access, it was only natural that he would want a boat. Around the same time, he tested for and was accepted into an apprenticeship to become a journeyman electrician for GM. On the swap board at work, he spotted a 15-foot runabout for sale with a 35-HP Evinrude. He bought it, installed new seats he got from Ray Greene, gave it a fresh coat of paint, and was off to zip around Reno Beach. The motor couldn't take the abuse and blew a piston. Dean simply tore it down and bored it out for bigger pistons, and it was back in the water for more abuse.

Life changed in the 70s with marriage and the blessing of three children—daughters Kyle and Sara, and son Drew. In 1979, Dean bought the family a new 25-foot Century Sport Cruiser. Faster than lightning, but it wasn't long before it had to go because an addition to the house in South Toledo took priority.

After his marital status changed in the late 80s, Dean moved to Point Place, Ohio—a perfect location on a golf course and down the street from the boat ramp. His life changed again when he met a gal who loved to golf, and ride horses and jet skis. Dean and Lady Karla tied the knot in October 1999 and became members of River View Yacht Club. A move brought them close to Harbor View Yacht Club, where they became full members in 2005. They also acquired a 25-foot Sea Ray. In short order, Dean was elected to Rear Commodore. An older member offered him advice: "If you are going to be Commodore, you are going to have to get a bigger boat." So it was "so long, 25" and into a 1987 34-foot Sea Ray Express Cruiser, appropriately named *Yacht-a, Yacht-a, Yacht-a*.

In 2009, they took the boat to the I-LYA Power Regatta and discovered the fun and friendship the event offered. The 34 served them well through Dean's year as Commodore in 2010, but in 2016 they moved up to their current 37-foot Sea Ray Express Cruiser. It has also been useful as a committee boat during the Sail Regatta. In the years that followed, they volunteered at the I-LYA Power Regatta by serving beer in the beer tent, helping with the steak and chicken dinners and cornhole, and chairing the taco dinner.

In 2023, Commodore Lloyd Bogue approached Dean about serving as Fleet Captain, which he accepted with honor. Many of Dean's connections were a result of being the President of Blue Gavel District 9. The same is true of Lady Karla, who remains as President of the Auxiliary.

Dean retired in 2017 after 48 years as an electrician. Karla retired in 2023 after 33 years as a chemist and export compliance officer. Retirement has granted them time to focus on the duties of I-LYA. Together, they have manned the I-LYA booth at the Cleveland Boat Show for the past four years and have enjoyed the fun and fellowship as Dean advanced through the chairs. They are prepared and ready to serve as Commodore and Lady of the I-LYA for 2026.

Harbor View Yacht Club

Harbor View traces its roots to 1948, when a group of about 40 sports and boating enthusiasts formed the Harbor View Boating and Sportsman's Club on the swampy shores of the Maumee River. Maynard Keaton served as commodore from the start until 1954. He and Mr. Whiteman were recognized as the key forces behind the club's founding. Some of Keaton's descendants still serve the club today.

By 1953, the charter members had raised enough money—through dances, raffles, feather parties, and selling the promise of a future channel—to acquire the present club property and a house near the marsh to serve as the first clubhouse. That same year, after two earlier failed attempts, the members finally succeeded in having a channel dug through the marsh.

In 1954, Clarence Ankele was elected commodore. After extensive negotiations, the present channel was officially secured, and the club's application to the Associated Yacht Clubs (AYC) was accepted. Docks and seawalls were then built, though progress was slow due to extensive grading and pile-driving in swampy conditions. To speed things up, the club adopted a by-law requiring each able-bodied member to complete 24 work hours per year, a rule that remains in effect and helped transform the shoreline.

In 1955, a committee was formed to design a new clubhouse. Under 1956–1957 Com. George Weatherwax, construction accelerated. More and stronger docks were built, the channel banks were widened and straightened, and dredged material was used to fill the marsh in anticipation of future parkland. On April 2, 1957, the old clubhouse was demolished and a new one begun.

Work progressed so quickly—almost entirely by member labor—that the first meeting in the new building was held on July 2, 1957, exactly three months after demolition began. On September 2, 1957, the club officially changed its name from Harbor View Boating and Sportsman's Club to Harbor View Yacht Club, adopted new colors, and introduced a new burgee. A Ladies' Auxiliary was formed and soon became an active and successful part of club life.

In 1958, Com. Bill Shimman successfully lobbied to host an AYC-sanctioned regatta. The event offered eight classes of sailboat races, starting three minutes apart, plus afternoon speedboat racing. That same year, Howard Pinkley served as AYC Commodore, and Harbor View joined the Inter-Lake Yachting Association (I-LYA). In later years, the Yachtsmen's Fund supported the Pinkley Cup on the Ottawa River.

As the club's reputation grew, so did its membership and the demand for dockage. Seawalls and docks were extended along the north shore of the channel. In 1983, the building was doubled in size, and the outdoor shelter was incorporated into the main structure. Membership peaked in 1989 at 299 members with more than 180 docks.

Today, HVYC is a popular destination on the Maumee River. I-LYA clubs from around the western basin visit with cruisers, pontoons, and sailboats. A monthly steak roast, a long-standing tradition, highlights the boating season. The experience is enhanced by a pavilion at the front of the clubhouse, plus an outdoor bar and band stage under the shelter.

Plans are underway for this summer's 68th annual Regatta on June 26 and 27, when the spirit of Harbor View will proudly join in celebrating the 250th anniversary of our country's independence.

The original clubhouse

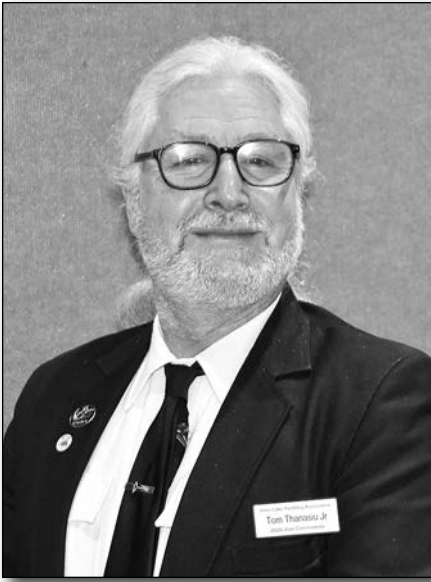

Docks and seawalls were built with the help of members.

Yachtsman of the Year

Congratulations, Kevin Stone!
2026 I-LYA Yachtsman of the Year

The Yachtsman of the Year is given annually to the person who has served the I-LYA organization over the past years, showing a level of effort and dependability over and above what the average member does.

For years, Kevin Stone has worked tirelessly for the clubs of which he is a member. His commitment and dedication to each of these clubs are reflected in the devotion he has for the I-LYA organization. Kevin's passion stems from growing up in a boating family, which led to his lifelong love of boating—a love that continues to guide everything he does, both on and off the water.

Kevin has served as a Trustee for more than one term and continues to serve in that role today. He has served on the Power Boat Committee and eventually became Chairman of the Power Regatta. He has also served as Fleet Captain for multiple Commodores at the Power Regatta and then as Head Fleet Captain for multiple Commodores. Serving as Head Fleet Captain requires true dedication, as you support both the Commodore and the I-LYA organization over the course of three weeks during each of the individual Regattas. This is a tremendous responsibility and demands a special, dedicated, and talented person to organize and keep all aspects of the Regattas running smoothly.

It is I-LYA's honor to present Kevin with the Yachtsman of the Year Award. He is a great friend, someone you can ask to take on any task, and he always says "yes" with great enthusiasm and a big smile. I-LYA thanks him for his continued service and unwavering support.

Yacht Racing Union of the Great Lakes Trophy

Jim & Chris Davis, North Cape Yacht Club

Anyone who has been racing on western Lake Erie in the past 50 years knows the boat *Orange Crate*. Jim & Chris and *Orange Crate* have been racing on Lake Erie for what to most of us seems forever.

Jim Davis first came to Junior Bay after the Cooley Canal Sportsman Club changed its name to Cooley Canal Yacht Club, so he could compete at Junior Bay from a "yacht club." Jim and his father, Keith Davis (I-LYA 1976), won the 1963 Rhodes Bantam Championship. Jim's father would later be I-LYA Commodore in 1976. Jim won the 1973 Mills Race Trophy in 1973 in his Pearson 36, *Orange Crate*. Jim built the Davis 34 *Orange Crate* that we know now in 1974. During the 1974 Mills Race, he lost the rudder and had to drop out but he returned in 1975 and won.

Chris was sailing on the Abbott 33 *Kaleidoscope* when she met Jim. Soon, Chris was sailing with Jim on *Orange Crate*. When Jim and Chris are not racing *Orange Crate* and on the water, they can usually be found on the windward mark boat at Junior Bay or whatever national or regional event is currently underway at North Cape Yacht Club. Jim and Chris have been on the Junior Regatta race committee for 25 years. For the past 4 years, they have been assisting on the committee boat at Bayweek as they have retired from racing. They have promoted sailing in this area for many years.

I-LYA is proud to present Jim and Chris Davis as the winners of the Yacht Racing Union of the Great Lakes Trophy.

Congratulations, Jim & Chris Davis!
2026 I-LYA Yacht Racing Union of the
Great Lakes Trophy winners

I-LYA Honorary Regatta Chairman

The I-LYA Honorary Regatta Chairman is awarded to an individual who has displayed their dedication over the years to I-LYA and our four regattas and who has consistently cooperated and helped with the goals of I-LYA and our affiliates on and off the Island.

Miyo Hristovski

Miyo Hristovski

Miyo Hristovski, affectionately known as “Miyo from Ohio,” was born in Skopje, Macedonia. At 17, he met Maria, and they fell in love, beginning a partnership that would help shape Put-in-Bay’s hospitality scene. In 1999, Miyo and Maria came to Put-in-Bay through the J-1 Work & Travel program. Miyo worked at the Chicken Patio, Maria at Pasquale’s. Though they spoke little English, they built a life on the island through determination, long hours, and an exceptional work ethic. Their employers believed in them and sponsored the process that eventually led to their green cards and U.S. citizenship.

They opened Mama Maria’s Pizza and welcomed their two children, Max and Mia. Through years of hard work, they expanded their hospitality businesses on the island, including Adventure Bay, Sand Bar, Jet Ski at the Bay, Margaritas on the Rock, Harbour Square Suites, Village Carts, and 269 Erie.

Today, Miyo continues to lead his businesses, staff, family, and community with a strong moral compass, tireless work ethic, and natural business instinct. In Miyo’s time on the Bay, he has donated his time and energy for I-LYA events at all his locations. His contributions to I-LYA have made the I-LYA regattas better and more enjoyable. His generosity is appreciated and therefore he is named the Honorary Chairman for the 2026 Bay Week Regattas at Put-in-Bay.

Commodore’s Award

Al Antoine, River View Yacht Club

“The Voice of Calm,” a quiet pillar of the Power Regatta, Al has been assisting the Power Regatta Dockmaster in receiving boats arriving on A Dock for many years. As captains hail A-Dock on the VHF radio, he responds with a steadfast calm that assures them they will soon be tied up and safely, and off the lake. He communicates using proper VHF radio protocol. If he directs a captain to stand by, perhaps while another boat is being tied up, he always gets back to the waiting captain.

2025 marks the second year of his second consecutive three-year term as an I-LYA trustee, where he has continued to provide calm, experienced guidance.

Additional proof of his dedication is his long-standing service on the Auditing Committee. His first year was 2011, and he continues to serve today.

Last but not least, Al has chaired the Power Regatta Steak Roast. Each year, he assembles a team of volunteers who, in a well-coordinated effort, prepare the grills, cook the potatoes, and keep the line of hungry customers moving. 2025 marks his 21st year leading the team, which last year served 453 steak and chicken dinners. Quite a feat—or feast, as it were.

In recognition of his long-term commitment and dedication to the continued success of the I-LYA and the Powerboat Regatta, we are pleased to award Al Antoine the 2025 Commodore’s Award. Congratulations, Al, and thank you for all you do!

Congratulations, Al Antoine!

Historically Speaking

By John H. C. Thompson, Bay View Yacht Club of Toledo

I-LYA 125 Years Ago (1901)

A leading theme in the 1901 history of I-LYA was the debate and decision of where the regatta would be held. Now in its seventh year, Put-in-Bay had always been the home for the great summer festival and social outing. But in early December of 1900, requests began arriving all over the Great Lakes to move the vast region's sailing activities to Buffalo to coincide with the Pan-American Exposition scheduled for May–November of 1901. Chicago was asked to relocate the Canada's Cup match race there and the I-LYA was pressured to forego their regatta entirely, sending the fleet to the Buffalo Yacht Club instead in hopes of strengthening the spectacle and make a grand regatta week the final days of July.

Next the Erie Yacht Club weighed in with a compromise, retain the I-LYA regatta but move it to their harbor in the third week of July, then the fleet would be within easier reach of Buffalo for the next week's Expo competition. Erie promised the largest ship's purse yet in prizes if they could play host. They also invited the naval militias of Ohio, Pennsylvania, and Illinois to cruise with the sailors eastward with the USS Michigan in the vanguard. The Canadian clubs backed the move to Erie and The Royal Canadian Yacht Club offered to match the purse for a pot the sailors couldn't refuse. One reporter put it, "the aid of every yacht club in the association as been invoked in Erie's behalf." Detroit was mortified as they had been denied a bid to host the I-LYA event in the centennial year of 1900. So much so the West End Club of Detroit withdrew their membership from the association ahead of the 1901 season. Toledo watched in silence as they guarded the secret they intended to bid for the regatta in 1902.

The annual meeting was held in Sandusky, Ohio so the organization could elevate William R. Huntington to the role of Commodore and delegates could be selected. The decision was delayed until the week of Christmas. The regatta would be held as it always had been, the third week of July with Put-in-Bay as its stronghold. The Pan-American Exposition in Buffalo would go on

to be remembered as the assassination site of President William McKinley in September of 1901. His killer, Leon Czolgosz, was a Great Laker, being born in Detroit and working as an adult in Cleveland.

Com. William Richard Huntington was from the ranks of the Sandusky Yacht Club. Though he hadn't begun his tenure there in terms of leadership, he would go on to be their seventh commodore leading the historic institution for a decade, 1906–1915. He would also lead the I-LYA on three different occasions, 1901, 1912, and 1918. He would also make history at the I-LYA regatta in

1901 Com. Wm. R. Huntington, SYC

1907 aboard his vessel *Thelma*. Huntington was born in Cleveland in 1857. The history of that city records that his Great Grandfather was an admiral in the British Royal Navy. His parents were British subjects and emigrated to Cleveland in 1853 where his father became an extremely influential man, helping organize the Standard Oil Company with John D. Rockefeller. Com. Huntington had a drifting career path and seems seldom employed though he did serve as Cuyahoga County Deputy Treasurer, The Fish and Game Commissioner for Ohio, and the Director of the Elyria Telephone Company. His start in yachting began in the 1890s serving as Rear Commodore for the Cleveland Yachting Club in 1896 before moving further west and establishing his dock at Sandusky.

The I-LYA regatta for 1901 began on Tuesday, July 16th with a triangular sail race course off Gibraltar. The Grand Ball was held that night at the Hotel Victory. The following day was the free-for-all race and *Juniata* of Toledo held the Victory Cup aloft that night at the Beebe Smoker. Thursday there was a squadron sail for Middle Bass Island and a chowder dinner. Friday saw the windward-leeward race to the east and back. The big winners in 1901 are familiar names from early 20th century sailing: *Sultana*, *City of Straits*, *Minerva*, *Myrta* of Detroit; *Juniata*, *Myth* of Toledo; *Eva*, *Wrinkle* of Sandusky; *Shamrock* of Cleveland. On Saturday, July 20, the vessels departed the Islands on the Long Distance Race to Erie. *Sultana* of Detroit won the Silver Cup donated by many time I-LYA commodore, George H. Worthington.

I-LYA 100 Years Ago (1926)

Com. A.A. "Gus" Schantz, DYC

The 1926 I-LYA season began with the Fall Meeting, hosted by the Toledo Yacht Club, on December 5, 1925. There was a large delegation on hand from Detroit, led by PC Otto Barthel (I-LYA 1924). The Detroit men were there to welcome in one of their own, A.A. Shantz, to the helm of the organization. Also at the meeting, the Treasurer reported a sizable balance already on hand for the coming year. It was decided to raise even more money for the Yachtsmen's Fund, nearly doubling the account. Debate continued over adopting a new set of rules for rating power boats in competition. The existing set established by the American Power Boat Association was unclear. Deadlocked, the matter was tabled until the spring meeting in April, though copies of the book were distributed for continued consideration.

Affectionately known as "Gus," Com. A.A. Shantz was described as the "one of the busiest men in yachting." A member of the Detroit Yacht Club, Shantz was the president of the Detroit and Cleveland Navigation Company that ran pleasure and passenger liners from Detroit to Buffalo, Cleveland, and Mackinac. This continued the trend of very wealthy men of influence guiding the association. Shantz had recently purchased a 65-foot Mathews, the *Commodore*, as his flagship and it would compete in the annual regatta July 12–17 that year. Heavily involved in the operation of power boats, Shantz was also the current Vice President of the American Power Boat Association, centered in New York. He was already Commodore of the Miss Detroit Power Boat Association and headed various committees throughout the lakes.

At the Spring meeting, April 24, 1926, the revised rules of the APBA were adopted for powerboat and outboard races and would be in place for the Put-in-Bay regatta. That July, the 33^d annual regatta would be the largest yet, with more than the usual number of power and sail craft—over 200 boats in all. There would be a 3-day program for outboard motors and a 2-day event for the larger vessels as well as catboat races for women and the club commodores. J.A. Tallman (TYC) was the power chair conducting five divisions of craft and Chalmers Burn (DYC) oversaw ten classes of sail boats. The R-class sailboats were to be the

hot ticket of competition. Skippers would be competing for the new Harry A. Parsons Memorial Trophy.

A great public spectacle was found in the arrival of the fleet that Sunday, July 11, as the sailing fleets of Toledo and Detroit, over 35 boats, arrived en masse. They had traveled together as they had just spent the previous three days racing off Toledo in Maumee Bay for the Richardson Cup Races, hosted annually by TYC. Registration and the commodore's reception were hosted aboard the big *Arrow*—a steel-hulled side-wheeled steamer that was a common sight throughout the Lake Erie Islands.

Toledo and Detroit dominated the race results. Longtime I-LYA measurer and future commodore, Rudy Luedtke of Toledo, had two newly designed and built catboats testing their styles that summer for the first time. His brother Richard sailed the new *Helen V* to first place in the K-class catboat races. TYC also took second in the same class under the helm of George King, competing in his 28th consecutive Bayweek. Toledoan C.S. Shelley took first prize in the Chris-Craft power events. Detroit all-star Gar Wood, cleaned up his speedboat class. And the closely watched R-boat award went to *Lightning* of Detroit, skippered by Neil Lynch. *Lightning* earned the honor of representing Lake Erie in the International Races which would kick off the following week.

The 1926 regatta did mark one sad story in its path. In 33 years of running, this was the first of which Captain Charles B. Lockwood of Sandusky Yacht Club was not a competitor. At 83, he was the oldest active pleasure boat enthusiast on Lake Erie and perhaps in all the Great Lakes. He had owned some of the best boats, both sail and power, on fresh water. His favorite, an express cruiser *Unique* was said to be the finest and fastest craft to ever fly the I-LYA burgee. For this July regatta he would be just a spectator. "I'm out of the game," he would simply remark about his shocking absence, as a Lockwood entry had usually carried away one or more trophies each year. But he attributed his advanced age and apparent excellent health to what he called "the outdoor life." Going on, he would pass advice to us all—"The fresh air you get on the water is the greatest medicine in the world."

LAST CUP WON BY UNIQUE
Commodore and Mrs. Lockwood. Commodore Lockwood is holding his "last" trophy—won by his last boat *Unique* at the regatta of the Maumee River Yacht Club, Toledo, July, 1925. This photo was taken April 16 this year.

I-LYA 75 Years Ago (1951)

1951 saw the second of four I-LYA commodores from the Crescent Sail Yacht Club as Stanley Weston Puddiford came to the central stage. Though only founded 18 years previous, CSYC had been gaining notable traction by not only sending representatives to club and regional regattas all over Lake St. Clair, Huron, and Erie, but also winning many races in good sportsmanship.

1951 Com. Stanley W. Puddiford, CSYC

Founded in 1933 by long-time I-LYA sail chair Chalmers Burn, Crescent Sail Yacht Club was for enthusiasts of moderate means, now that the nation was plunged into depression. This idea seems exemplified in the later character of Commodore Puddiford as a modest office worker for the Michigan Bell Telephone Company. This was also reflected in the moderate means by which his I-LYA regatta would be carried out. Instead of iconic steam yachts or cruise ships for the commodore's reception, cottages on the island were selected. The Grand Ball was replaced with an outdoor party in the public park beside the waterfront.

The 1951 regatta opened as usual with the long-distance deep-water races from all points across Lake Erie. But this year, and now for just the second time, these prelude entries included a predicted log contest for large power craft. Robert Knapp of the Sandusky Yacht Club would chair the predicted log event. It had four independent starting locations: the Detroit River Light, the Toledo Harbor Light, the Sandusky Point Station, or the Cleveland Crib—all ending at Put-in-Bay on Sunday, August 12. Two years later, in 1953, as fervor grew, the New York Times would write of its East Coast events, "The most psychological, fascinating contest that has ever been devised for motor-cruisers is the predicted performance contest race." Yet here, at the 58th annual regatta, the Alton H. Greeley Perpetual Trophy for predicted log cruise would already be many years old.

Young clubs, new events, and fresh growth seemed the theme for a post-World War II I-LYA. Though Junior Race Week would be a few years still in the future, this 1951 summer outing would see a junior event in its infant stages. Rev. Malcolm Ward of Perrysburg Boat Club headed a week-long program for the sons and daughters

of association members. There would be introduction parties, a junior canteen serving non-alcoholic beverages, a cruise/swim/picnic event on Kelleys Island, a bike trip, sailing movies, and even a commodore's reception for the baby boom generation enjoying late summer sunshine.

The sailing events would be staged Monday through Wednesday over a newly laid out race course, one designed to simplify the race for both judges and contestants. Any class of sailboat would be welcome to race so long as three or more examples were present. Organizers expected just over 200 craft for the festival. In the spirit of young clubs, Jolly Roger Sailing Club, at just six years of existence, swept the Nipper class, owning 1st, 2^d, and 3^d place. JRSC also took 2^d in the Thistle division behind Howard Boston of BYC. The Comet Class, which was executing its District Championship, fell to Joe Miller of Put-in-Bay Yacht Club. When discussing the new Rebel Class, reporters noted that Ray Greene of Toledo finished first with his "glass fiber creation." Though now three years old, fiberglass was apparently not yet the breakout revolution in boating.

I-LYA 50 Years Ago (1976)

In 1976, I-LYA was led by Keith Davis of the Cooley Canal Yacht Club. Davis had been a long-time asset to the organization as a nearly constant figure at the Bay every summer, knowing many and exhibiting a helpful spirit. Lady Helen would also make her mark on I-LYA this year and many others.

1976 Com. Keith Davis, CCYC

Cooley Canal Yacht Club had been incorporated in 1953 as the Cooley Canal Sportsman's Club, a founding that had heavily involved Keith Davis. That same year, the man had built his own boat, a solid and long-lasting 28' family cruiser named *Helen A* and designed in Chicago. This allowed the frequent trips to the bay and the establishment of close friends on the island, as well as serving many times with race committees as the regatta week was executed. Three years later, in 1956, not yet part of the I-LYA, Davis had to petition the commodore for special permission to allow his son to participate in the first-ever Junior Bay Week. This would be the first of decades worth of races performed by the younger Davis.

In the early 1960s, the Davises became members of PIBYC. Then, while serving as Commodore of Cooley Canal in 1964, he oversaw the official name change to Cooley Canal Yacht Club, a move that better reflected his membership and their activities. That administration also conducted operations to move the club to Ward's Canal and establish a new clubhouse. CCYC was inducted into the ranks of I-LYA in 1967.

In the early 1970s, the Davises purchased a trailer on South Bass Island, which, along with the *Helen A*, allowed for greater involvement in the planning and execution of the annual regatta. At this time, Keith and Helen were also working with Art Krieger and Gus Schell in establishing a baseball game as a wholesome activity for sailors after the races had been completed each day, a success reflected in its continued existence through today. Keith was elevated to the commodoreship of I-LYA in 1976.

The 1976 regatta was a large and splendid affair, attracting 347 boats in 26 racing classes. It was also a time of transition as the IOR rules and ratings were slowly turning over in favor of PHRF, and new computer programs were being used to zip out race results and calculations. Only Monday's first day of races produced healthy fruit for exciting sailing. Tuesday was marked by scant and light drifting winds. Wednesday's shift to winds from the southwest prompted a new course to be run for the first time. It would prove fatal to the final leg and the race declared "no contest." The buoy used as the final turn in the engagement had broken free from her anchor and had drifted more than a mile out of position. Some sailors ignored it and others conducted lengthy searches. The ferry boat lines had reported the incidental loss of the mark as early as Saturday, but the information had not made it to the race committees. It was never determined what had caused the anchor failure.

Two Toledoans, leading after the second day, were given the prizes for the two largest classes. Bernie Swindeman aboard *Appleknocker*, and Roger Wadsworth on *Dandelion* were winners in Class A and B respectively, from IOR. Both gentlemen were from NCYC. *Dandelion* would go on to win Lake Erie Boat of the Year.

Keith Davis was a familiar sight out on the docks this year, preparing food for the sailors as they returned. A man who loved to cook, no one was to pass him without sampling the edible gifts he busily crafted right there through grills and electric roasters. Commodore Davis would pass away shortly thereafter in 1978. Helen continued an active role in I-LYA, establishing the Junior Race Week breakfasts and dinners for the young sailors. She was awarded the I-LYA Yachtsman of the Year in 1982, only the fifth recipient and the first woman.

I-LYA 25 Years Ago (2001)

The 2001 I-LYA season began at the fall meeting in December of the millennial year. The organization there honored sailor John Greiner and his vessel *Red Cloud* as the PHRF Boat-of-the-year. It is a remarkable story considering Greiner's first Bay Week trials were in 1952, competing 49 years earlier as a teenager in a time before the existence of Junior Bay Week. Now, in the year 2026, at the age of 89, Mr. Greiner is still a major contributor to the historical work of the I-LYA.

Red Cloud

Other notable stories from 2001 include the incredibly low water levels on Lake Erie which threatened many events and harbors across the waterway. The low levels of 2000 had painfully continued and the June high water mark in 2001 would play a full 10 inches below even the shocking 2000 numbers. Also, the city of Detroit would be celebrating its tri-centennial with a parade of historic boats to honor the city's long and rich maritime history.

The summer regatta, the 108th in our history, would play out from August 6 until August 11, with the sailing races Monday through Wednesday and Power boats rocketing in the following day through the weekend. It would be a huge turnout, a welcome change from the previous, foundering years. Race Chairman, Don Bartels, would oversee 209 registered boats.

2001 Com. Dennis Mintus, PCYC

The success of the large turnout was largely due to the tireless work of 2001 Commodore Dennis Mintus. An Ashtabula Yacht Club leader, Mintus had striven to secure a sizable fleet from Buffalo and other points on the east end of the lake. He also put the effort forward to include several new events to boost novice and newcomer attendance. There would be a casual cruisers class, a Gemini division (two sailors), and even single handed classes alongside the standard bearers in PHRF and MORC. The casual cruisers enjoyed a lazy

15-minute start window with their crossing time recorded by the race committee and leveled against their finish time.

The Bay Week sail races also doubled as the MORC internationals, the Hobie Wave Class National Championship, The Melges 24 Great Lakes Championship, and the I-LYA PHRF championships. This attracted entries from Georgia, Florida, and South Carolina, as well as locations throughout the lakes.

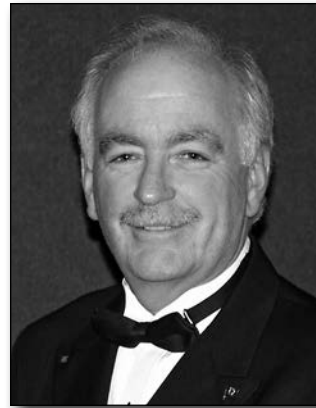

The Hobie Wave class had only been introduced one year previous, and Rick White of Key Largo, Florida would take home the national trophy. Robert Pollock of North Cape Yacht Club brought home first place in the new casual cruiser class aboard *Detente*. Pollock claimed he and crew learned more about the performance of any boat than ever before, just given the lack of stress and the simple efforts of going slightly faster.

State of Schock from the Cleveland Yacht Club won PHRF class A skippered by Joe Sbrocco. And nearby Edgewater Yacht Club took home class B behind Den Brent aboard *Double H*. The MORC international finals were given to Brad Boston of Sarnia Yacht Club.

I-LYA 10 Years Ago (2016)

In 2016 the I-LYA yearbook, the document that contains a complete record of all our operations, featured the most unique and stunning concept for the front cover. The image was an original painting by an I-LYA club member, depicting an I-LYA event. The artwork was rendered by

2016 Com. Chris Amlin, SPBC

Nancy Bauer, a member of Sun Parlour Boat Club. She had captured the anchorage at an association cruise to Leamington. The great focus on the Canadian shore a nod to the 2016 commodore, Chris Amlin, also of SPBC.

Sun Parlour Boat Club was organized as a racing institution in the late 1960s. Involvement in the Canadian Boating Federation in the 1970s eventually led to recognition by the International Order of the Blue Gavel and then acceptance into the I-LYA in 1995. Amlin would be the first commodore from Sun Parlour.

Commodore Amlin's first participation in an I-LYA regatta was 21 years ago in 2005—collecting flags for two powerboat events. Ascent to leadership began as Fleet Captain in 2011, a position he held for three years before moving to Rear Commodore. A well traveled individual, Com. Amlin has taken his boat throughout the lakes, but also through work, moving between Amherstburg and the West Coast frequently.

At the great summer regatta in 2016, most recent I-LYA commodore Scott Kneisel of Bay View Yacht Club, won the Greeley Trophy as champion of the Predicted Log. The sailing heroes were Bryce Boardman aboard *Bangarang* leading the JAM fleet and *Spaceman Spiff* captained by Rob Ruhlman of Lakeside Yacht Club. The Lakeside boat would go on the win Boat of the Year for 2016.

Custom blinds, shutters, and shades—crafted for your home, delivered with pride.

Past Recipients **Yachtsman of the Year**

1978 marked the beginning of a tradition that has been adopted by each administration since Commodore Norm Winkel determined that recognition should be given to the many volunteers who freely donate their time, vacations, talents, expertise, and even boats and equipment to ensure the continued success of yacht racing competition and the I-LYA organization. These special people have earned the honor of being “Yachtsman of the Year.”

Final Voyage

Douglas Arthur Hogan

Doug Hogan was born on March 16, 1944, in Toronto, Ontario, Canada. Shortly after high school, he enlisted in the Royal Canadian Navy and earned an honorable discharge. He had been a proud member of the Royal Canadian Naval Association since 1996.

Doug married the love of his life, Pearl Elizabeth Snow, in 1964. They had two sons, Jeffrey and Kent, and made their home in Estral Beach, Michigan. A few years later, Doug was recruited by Ford Motor Company, where he worked as a pipefitter for more than thirty-two years. He was a proud member of Local 46 for over fifty-six years and of the Toronto Auto Workers since 1965. He was also a member of the Moose Lodges in both Monroe, MI, and Fort Myers, FL.

The couple was very involved in their boating community, serving as active members of Swan Boat Club, where Doug eventually became Commodore. His boat was easily recognized as the only diesel-powered vessel at Swan, the *Smokin' Hogan*. Whenever he went out with a group of boaters to visit Put-in-Bay, large plumes of black smoke would fill the air, and because of this, no one wanted to follow behind him.

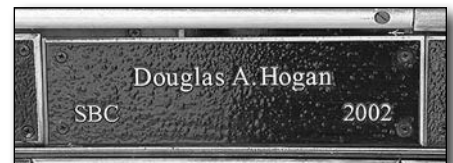

Doug was also very active in the Associated Yacht Clubs, serving as Commodore in 1992. He went on to become Commodore of the Inter-Lake Yachting Association in 2002. During the Power Regatta, he served for many years as Head Umpire for the East vs. West Softball Game. Doug devoted many years of dedicated service to all of these organizations. Serving as Commodore of all three is a distinguished honor that only a few have attained, and his outstanding leadership will always be remembered.

After he retired, Doug built their dream home in Mancelona, Michigan, in the "Lakes of the North," where he enjoyed snowmobiling through the woods. Doug and Pearl also loved spending time at their retirement home in Fort Myers, Florida. Every St. Patrick's Day, Doug took great joy in walking in the parade, dressed as a leprechaun and handing out gold coins. He continued his service and dedication to the boating community by organizing an annual event for AYC, I-LYA, IOBG, and boat club members to meet on the first Wednesday of March at the Fort Myers Moose Lodge for dinner and camaraderie—a tradition that will be continued.

Commodore Doug was a devoted husband to Lady Pearl, who was always by his side throughout their life's journey until her passing on Nov. 4, 2025. Together, they leave behind many friends and family members, and they will be deeply missed by all who had the pleasure of knowing them.

2002 Commodore Douglas A. Hogan

About I-LYA

INTER-LAKE YACHTING ASSOCIATION

I-LYA's basic purpose is the protection and promotion of the interests of boat owners and water sport fans in the enjoyment of their sport.

I-LYA is a watchdog for proposed legislation that may affect yachting and yachtsmen.

I-LYA serves as a clearinghouse for yachting information.

I-LYA's officers and committees are available to help its member clubs with boating related problems.

I-LYA is the US Sailing Regional Sailing Authority and Appeals Body for race protests in the area.

At the top level, **I-LYA** works hand in hand with US Sailing and class racing associations in developing fair and workable rules.

I-LYA's foundation, The Inter-Lake Yachtsmen's Fund was established to support training, education, and junior activities. The Yachtsmen's Fund is a qualified 501(c)3 corporation and all donations are tax deductible.

I-LYA is the leader in Junior Sailing in the Midwest. The annual Junior Regatta is one of the largest Junior Sailing Events in the United States and serves as a model for other clubs.

I-LYA is also a leader in Junior Power boating in the area. The Junior Powerboat program offers Leadership Training and navigational contests. The winners of these events are awarded scholarships from the Inter-Lake Yachtsmen's Fund.

I-LYA consists of 131 member clubs and every member of each club is automatically a member of I-LYA, and is assured recognition among other clubs.

I-LYA's membership includes clubs from both the United States and Canada, making for strong international ties and competitions.

Member clubs are represented by delegates to **I-LYA** and meet twice annually. Spring and fall meetings are held in the vicinity of the current Commodore. Class advisory, cruise and powerboat committees meet prior to the delegate's meeting, giving open forum for class improvement and rules enlightenment. Delegates elect the Flag Officers and Trustees at the Fall Meeting.

I-LYA appoints delegates to the Ohio Marine Trades Association, National Boating Federation, US Sailing and Yacht Racing Union of the Great Lakes.

I-LYA is governed by a nine member Board of Trustees. Business is conducted through the office of the Executive Secretary.

I-LYA seeks corporate sponsorship to improve the services provided to its members and to control costs.

I-LYA's Annual Regatta is held at Put-in-Bay, Ohio on South Bass Island, in western Lake Erie—the site of the historic Battle of Lake Erie in the War of 1812. It draws hundreds of Sail and Power boats annually.

The Yachtsmen's Fund

PO Box 723

Put-in-Bay, OH 43456

Celebrating the Past—Shaping the Future

The Yachtsmen's Fund, an IRS-recognized 501(c)3 charitable organization, believes that our young sailors and power boaters are the future of our sport. It is imperative that we do all we can to support their education, growth, development, and love of sailing and powerboating.

2025 was another good year for the Yachtsmen's Fund. We were again able to support several, worthy events and activities to further our mission to **Educate, Challenge, and Inspire** the next generation of sailors and boaters in our region. Thanks to a sound investment policy, we enjoyed growth of the Fund which will enable us to continue our mission well into the future. Thank you to all our generous sponsors, benefactors, and donors for your contribution towards this effort.

We look forward to expanding our support in the coming year and hope that you will join us in this mission. Thanks to your generous support of the Inter-Lake Yachtsmen's Fund, we are able to continue many worthy boating events in our area and perpetuate the boating activities we all love.

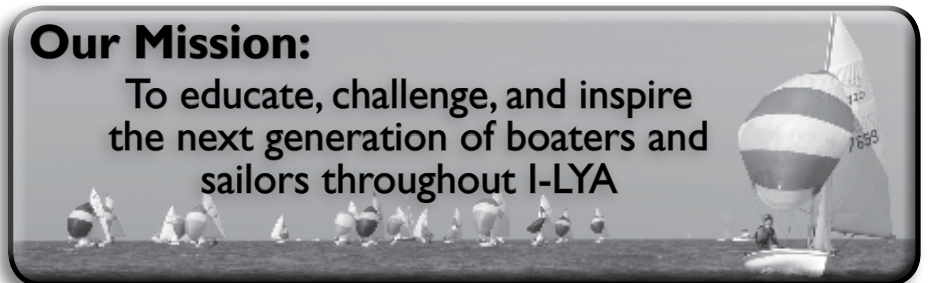

2025 Highlights

- \$3,600 in Scholarships Awarded
- Over \$2,500 in Travel and Championship Grants!
- Nearly \$20,000 of support to the I-LYA Junior Sailing Championships and Junior Powerboat Training Program
- Support of the I-LYA Opti Championships at Port Clinton Yacht Club

Going forward, we plan to do even more by promoting Training Grants to encourage instructor and race management certification, supporting Junior Bay Week and Junior Power, awarding scholarships to qualifying I-LYA junior sailors and powerboaters, and providing Championship and Junior Travel Grants to junior sailors who travel and represent I-LYA.

Our Mission:

To educate, challenge, and inspire
the next generation of boaters and
sailors throughout I-LYA

The Inter-Lake Yachtsmen's Fund

Katherine Starck/Reese Levinson
Cleveland Yachting Club

The Junior Traveler Series is a summer-long series of weekly regattas hosted by I-LYA member clubs which offers an increased opportunity to race close to home. Series awards will be presented to the top finishing skippers and crew in each qualifying fleet based on the best five regatta finishes at any of the qualifying events. There is also a Team Trophy awarded each year to the top finishing club. Registration and scoring for the series and each qualifying regatta will utilize ClubSpot.

Sailors must be at least 7 years old and can participate in the Traveler Series up to and including the summer immediately following their senior year of high school. The Notice of Series is available online on the Traveler Series page under Junior Sailing at I-LYA.org.

WINNING ON THE WATER WINNING AT WORK

The tactics & strategies that win sailboat races can also win in business.

In *Puzzle Pieces*, a newly appointed executive inherits a failing manufacturing company—and must turn it around. By applying the competitive mindset and tactics learned from sailboat racing and motorsports, she transforms a struggling team into a winning organization.

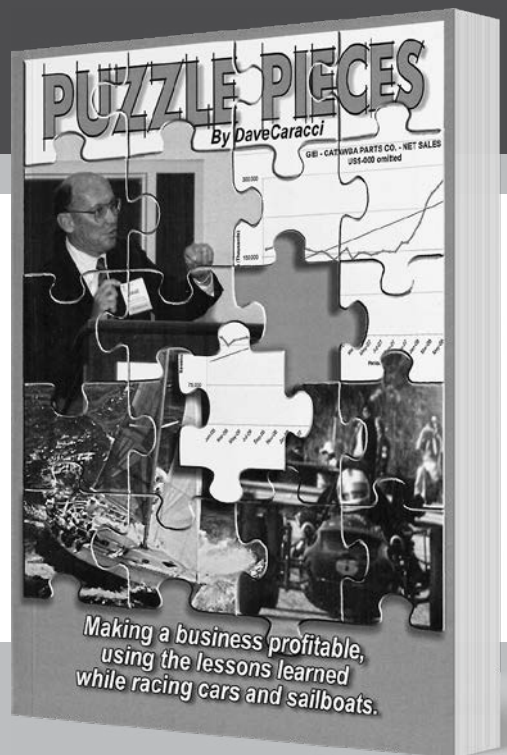

Drawn from real experiences, the story shows how racing principles can help solve business challenges, build stronger teams, and create winning results.

Your racing knowledge can be your competitive edge at work

Written by former Formula car and sailing champion, turned global business leader Dave Caracci.

Read *Puzzle Pieces* to discover how racing strategy wins in business.
 SCAN for book overview, reviews and ordering
 or search "Puzzle Pieces by Dave Caracci" on Amazon.com

A note of gratitude is extended to Connie Miller, Donna Pribe and Karla Reamsnyder for the use of their Sail Regatta photos.

Bill Pribe, NCYC

Bill Pribe, North Cape Yacht Club

The Sailor of the Year Award is chosen at the Fall I-LYA meeting. Nominations are taken from the floor, and those present vote for their choice. The person with the most votes is the Sailor of the Year and is presented with the trophy at the Spring meeting. The past winners of this award were sailors who, during that year, did something special on the water. Whether it was assisting with a medical emergency or having an outstanding year in competition.

Bill Pribe, this year's winner, has been sailing Bayweek every year since 1988, except for 2009. He started out crewing on boats and then, after a few years, started to bring his own boat out to Bayweek. Starting with a Catalina 22, then a S2-7.9, to a Beneteau First 310, and currently a Beneteau First 36.7. Crewing with family and friends, he has always been very competitive. However, this year, it was the land support role of the regatta that made him stand out for the award. Serving on the Sail Committee for 15 years and the Sail Chairman for the past eight years, he has been giving back to the sport that he has enjoyed for the past 40 years.

I-LYA congratulates Bill Pribe, this year's Sailor of the Year.

Junior Power Contests

These Junior Regatta contests are designed to reinforce the safe boating practices and rules of the road learned in the classroom. The contests and seminars use a hands-on approach and provide the juniors with the confidence to operate motorized vessels. The vessels used at the regatta are inflatables donated by senior participants of the power regatta. For additional information about the Junior Power Program please visit the I-LYA website.

General Knowledge and Seamanship

Friday's safe boating seminar provides each junior with a refresher course on safety requirements, rules of the road, understanding of buoys and their identifying characteristics, hand held GPS and electronic chart instruction, and much more. Juniors will be asked to demonstrate knot tying, line throwing, and how to properly secure a vessel. A written exam, testing each junior on their general knowledge of the above concludes this contest.

Charting and Course Plotting

The safe boating seminar also covers charting and course plotting. Hands-on activities teach the juniors how to read charts, determine their position and plot a course. At the end of the seminar, each junior will be tested on their understanding of the above.

Navigation Competition

This is a shore-based contest that will require juniors to pair up and take a short walk or bike ride around the Island. They will be asked to take bearings, make observations and determine their position using hand held GPS as they make their way around the Island. Bikes will be provided if necessary.

Weather Contest

Each junior will be asked to forecast the weather for a prescribed time and place. The forecast will include temperature, wind direction and velocity, barometric pressure, sky conditions, precipitation, and relative humidity. Prediction forms will be provided and must be submitted by a set deadline. A committee shall assemble at the prescribed place and time to observe and record the actual weather conditions and determine the winners of this contest.

On-the-Water *(Four contests using inflatables)*

"COURSE A" Boat Handling Contest "Course A" will demonstrate the steering and boat handling capabilities of each junior. The junior, accompanied by an assigned adult, will run a 3-leg course in both a clockwise and counter-clockwise direction with the objective of making both runs in the same amount of time. Speed is NOT the objective.

"COURSE B" Compass Reading and Bearings Contest "Course B" will demonstrate a junior's ability to read a compass and take bearings and identify your position using hand held GPS. The goal is to steer as carefully as possible between the marks for each of three designated courses set by the committee. At the end of each leg the junior is to record the compass heading steered. An assigned adult will crew on each vessel.

Chicane This is a timed test of boat handling and low speed maneuvering. The junior will be timed and judged on their ability to successfully maneuver through a prescribed course at no-wake speed in 2 directions without creating a wake and without hitting the marks on the course.

Docking This contest evaluates the junior's boat handling and maneuvering skills as related to docking. The junior will be judged on their ability to properly maneuver, dock and secure his or her vessel within a predetermined dock space. Hitting the dock and/or high speed operations will result in loss of points.

Social Competitions

In addition to the bragging rights earned by making a hole-in-one during Jr. Putt-Putt or Jr. East trouncing Jr. West (or vice-versa) in volleyball, Junior Power Regatta participants also enjoy the following contests:

Geo-Quest

Based on Geo-caching, Geo-Quest is a live treasure hunt utilizing compass and GPS skills. Junior teams will explore the island via adult-driven golf carts and locate hidden "treasures."

Fishing Derby

The "Fishing Derby" is designed for all juniors participating in the regatta. Come one, come all and see who catches the largest, the most and the smallest fish. The committee will be available to bait your hooks and will supply the bait as well as snacks for the anglers. Bring your pole and your life jacket and arrive 15 minutes before start time so you will be ready to drop your hook. Prizes will be awarded immediately after the finish time. So don't be late and good luck!

Awards

Ribbons: are given to each winner of the four On-the-Water contests, the Weather contest, and the land/shore based Navigation competition. 1st, 2^d or 3^d place ribbon awards are provided depending upon participation.

Junior Skipper Award and Trophy: is given to the individual having the highest total combined score for all On-the-Water contests and the Weather contest.

Scholarships: 1st, 2^d & 3^d place monetary scholarship awards are given to the eligible juniors with the highest overall score for all competitions.

1. Only those juniors who are members of a boat club affiliated with I-LYA will be eligible to receive scholarship awards.
2. Scholarships are based on final results from 2 days of competitions at the annual I-LYA Regatta.
 - General knowledge and seamanship
 - Charting and course plotting
 - Navigation competition
 - On-the-Water
 - "Course A" Boat Handling
 - "Course B" Compass Reading and Bearings
 - Chicane: boat handling and low speed operations
 - Docking contest: maneuvering and docking

I-LYA Power Regatta at Put-in-Bay

Refer to the Rules Booklet for complete contest rules

Power Contests

Commodore's Trophy

Competition for the Commodore's Trophy is based upon a combination of seamanship, boat handling and overall knowledge of boating. Four events have been selected by the committee which provide all of these skills. To compete you must enter all four (4) contests. Entry forms are available at the Registrars desk and must be completed and on file to compete. A percentage has been given to each event to determine the overall winner of the Commodore's Trophy. A flag and pin will be presented to the winner and the winner's name will be placed on the Commodore's Trophy which is awarded at the I-LYA Fall Banquet each year. This trophy is an individual award and will be awarded to an *individual* competing in the various events NOT to a competing team. Commodore's Trophy contests include: Predicted Log & Navigation (30%), Docking (25%), Chicane (25%) and Weather Forecasting (20%).

Predicted Log

The Predicted Log is a boat handling and navigation contest. A common course is provided to all captains around a set of control points, which include buoys, markers, and landmarks. Each competitor will plot the course on their chart, GPS, or chart plotter, determine the best speed to run the course for their boat (above 6 knots), and predict the time needed to run each leg in minutes and seconds.

The captain will be limited to their charted course, compass, and engine RPM while running the course. The observer will share elapsed time with the captain from the course start to Control Point 1. This allows the captain to adjust engine RPM as needed to match the cruising speed used when making their course time predictions.

Each captain is asked to bring at least one observer, who will be assigned to another contestant's boat. The observer will need a timepiece or stopwatch app on their phone to record the time for each leg of the course. Prior to the event, we will hold a captain/observer meeting to review rules, tips, and tricks.

Rules and Restrictions:

1. The observer can share time with the captain from Start to Control Pt. 1
2. The use of auto-pilot during the contest is strictly prohibited.
3. No cruise control.
4. The captain cannot see vessel speed in any way.
5. The captain cannot see time. (on a watch or on their GPS/plotter)

Each captain must complete the entry form provided by the committee. Note, only one flag will be awarded per winning vessel. Only the captain will be eligible to compete for the Commodore's Trophy.

2026 Predicted Log/Greeley Trophy Course

Control Pt. 1: West Ballast Island Green—Pass on STARBOARD side (Note shallows nearby)

Control Pt. 2: Middle Bass Green—Pass on PORT side

Control Pt. 3: North Bass Green—Pass on PORT side

Control Pt. 4: (Run West to avoid Reef) to North Bass Red—Pass on PORT side

Finish: Buoy R"2" FL R 4s, Just N of Gibraltar—Pass on STARBOARD side

Committee Distance 12.9 Miles (est)

Docking

This is a contest of boat handling and the ability to maneuver your vessel dockside. This contest is not a contest of speed. However, your time is recorded and used for determination of final finish placement and tie breaking decisions. When your vessel is called to compete, maneuver your vessel dockside and set your dock lines. The committee will set marks forward and aft of your vessel. These marks are used to define the space you have to maneuver your vessel. The committee will give you the signal to start and you will leave the dock, go to harbor in reverse seaward of the I-LYA buoy and make a complete 360 degree turn. Once your turn is complete you will return to the dock and maneuver your vessel to dockside within the marks previously set.

Chicane

This is a contest of skill and dexterity designed to test your ability to maneuver at slow speed in tight, confined situations. Participating vessels are allowed one captain and one crewman. (Participation points: 2X each.) Captains maneuver through the course twice: once in forward gear and again in reverse. The goal is to match your forward and reverse times. Points are deducted for excessive wake, hitting a buoy, excessive speed, or unsafe operation of your vessel. The vessel with the smallest difference between the Forward and Reverse times wins. In the case of a tie, the vessel with the fewest penalty points takes the victory.

Weather Forecasting

The contest form shall be filled in completely and filed with the Weather Forecast Committee by the time and day posted on the entry form and in the Regatta schedule. Twenty-two (22) hours later, at 1500 hours (3:00 PM) or as otherwise noted on the entry form, a committee appointed for the purpose shall assemble at Put-in-Bay to observe and record the actual weather conditions at the time and place described on the entry form. These conditions shall then be compared to the contestants' predictions and penalty points assessed for all variations. The winner shall be the contestant receiving the least number of penalty points.

Flying Mile

All boats will be timed electronically using a radar gun. Boats will NOT be required to run a full mile at their top speed. All boats will be timed within a 500 foot area designated by the committee. Two (2) or more participants are required to establish a class. No boat will be permitted to run in more than one class. Safety is our number one rule. Please operate your vessel in a safe manner. Remember, you are responsible for the safety of your vessel and all others on board.

Social Competitions

Social competitions include the East vs. West Volleyball, the co-ed Kickball Game, and senior Corn Hole. Volleyball takes place on the PIBYC grounds and the kickball game, at the school. Because most of the participants play these games only once a year, the spectators usually get a good laugh from the weekend warriors but occasionally see some impressive athleticism. The rivalry is sometimes intense but always good-natured. A trophy is naturally awarded to the victors but bragging rights are the real "Gold Medal" that is sought.

General Information

1. The SAFETY of all participants, crew, committee and audience is our number one rule. While participating in these contests, we ask all to observe navigation rules of the road, local laws and follow all safe boating practices. Please conduct yourself in an orderly and professional manner at all times and not put fellow participants, general public or the committee at risk or cause unnecessary nuisance. We want everyone to enjoy these contests whether on land or sea, please remember to BE SAFE.
2. These Contests and their rules have been prepared by the various contest committees and approved by the Powerboat Committee. From time to time, weather and scheduling conflicts may require changes or modifications to the schedule or contest rules. The various Committee chairpersons will make every effort to inform you of any last minute changes.
3. The success of the Regatta is directly related to participation in these contests and events. There is a first, second and third place flag given to the Clubs with the most participants in Regatta contests and events.
4. In addition to the Club Participation award, Clubs are eligible to receive an award for volunteerism. This is awarded to the Club having the most volunteers working the various contests, events and social functions. If you are a committee chairperson, it is very important to record the hours worked by your many volunteers in order that clubs are credited with all the hours earned during the Regatta.
5. Protests of judges' ruling can be filed with the Powerboat Committee. The Powerboat Committee will review the protest and make a final ruling.
6. Electronic copy of the official Regatta "Contest Rules Booklet" is available from the I-LYA website (i-lya.org). Also, hard copies are available at the Registrar's desk.
7. Refer to the official Regatta schedule and information available at the registrar's desk for the specific place and time of each contest.
8. Entry forms for all contests are available at the Registrar's desk located at PIBYC.

THE FINEST IN ITALIAN CUISINE

I-LYA Mid America Boating Skipper of the Year

Chris Aune, CWHYC/CRYC

I-LYA **Mid America** **Boating Skipper of the Year**

The Mid-America Boating skipper of the year is given each year to the skipper who provided outstanding support and leadership to boating, the I-LYA organization, and its membership.

Chris Aune, Chagrin River Yacht Club

Chris grew up on Lake Erie, and his favorite view has always been from the helm of his boat. As a teenager, he spent summers on the lake water skiing, fishing, and swimming. In 1982, he married his wife, and in 1984 he purchased a 30' sailboat. When his children were old enough, he bought his first powerboat and spent many years boating on inland lakes and Lake Erie.

In 2004, Chris joined Borac's Landing Marina on the Chagrin River. Looking to become more involved with other boaters, he joined the Chagrin River Yacht Club in 2007. It did not take long for him to become active at CRYC, and he served as Commodore in 2014. In 2010, he was appointed as Club Delegate to the GCBA, a position he still holds today. That same year, he joined the Eastlake Port Authority, serving as Vice Chairman until 2022. In 2016, he was elected Rear Commander of the GCBA, served as Commander in 2018, and has served as a Trustee since 2019. Chris also served as IOBG District 7 President in 2023.

In 2020, he joined the I-LYA Power Boat Regatta Committee and served as Power Chairman in 2025. He has also been elected as a Trustee and will serve his term through 2027. He and his wife are members of both Catawba West Harbor Yacht Club and Chagrin River Yacht Club.

His continued involvement and willingness to jump in to do what needs to be done without asking for anything in return is a great example of leadership in this organization and continues to be what makes this organization special and to flourish. For this reason, I-LYA awards Chris Aune the Mid-America Boating Skipper of the Year.

Congratulations
2026 Commodore Dean Reamsnyder
and Lady Karla

Proud to Have You at the Helm

I-LYA Trustee Al Antoine and Lady Paula

CONGRATULATIONS
COM. DEAN & LADY KARLA
BEST WISHES
FOR A FUN FILLED YEAR

F/C JOHN & LADY RITA
10-10-10

From the Editor:

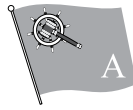

We would like to thank our sponsors, advertisers, clubs, and other individuals for their support. Without your continued generosity and support, we would not be able to produce this book. This book is a valuable resource to our members and our regatta participants and allows them to access important information throughout the year. The book also serves as an historical record of our members' enthusiasm and success.

Many thanks also go to our photographers for the images that are reproduced in this year's book. They include John Bedford, Gloria Denos/Shutterglo Photography, Sharon Kneisel, Connie Miller, Donna Pribe, and Karla Reamsnyder.

We are grateful to the commodores and chairmen, past and present, who provided data for the pages, to John Thompson for his efforts in keeping I-LYA history alive, and Com. Dean and Karla Reamsnyder, and Cindy Johnson-Mintus who lent their proofing expertise to the project. Special thanks go to Com. Reamsnyder, Lady Karla, and Rita Robbins who put extra effort and hours into reaching out to advertisers, new and old, and bringing in the advertising that pays for the printing of this book.

Looking forward to a successful and fun-filled season!
—2026 Yearbook Editor, Marilyn Paselsky

Lake Erie is Ohio's Most Precious Resource

Lake Erie Foundation (LEF) is Lake Erie's advocate for economic sustainability, legal defense, education, outreach and innovative sustainable technology.

Help LEF protect Lake Erie against:

Plastics & Contaminants

Wind Turbines in Lake Erie

Harmful Algal Blooms

We can no longer take our greatest resource for granted. Join us and support our mission to ensure Lake Erie is accessible now and for future generations by scanning the code or visiting us at LakeErieFoundation.org.
